

PMR2680.4

Крышки для KE10.1(N), KE10.504(N) - 4 шт.

Тип	PMR2680.4
GTIN	6438100308384
Название	Крышки для KE10.1(N), KE10.504(N) - 4 шт. Крышки для KE10.1(N), KE10.504(N) - 4 шт.
Описание	In the areas where connectors are exposed to frequent high humidity and water condensation the connectors can be equipped with PMR2680.4 covers. Cover will give extra tolerance against rough conditions. It is also designed for installations where double insulation is a requirement or if the voltage is continuously on. The transparent material makes it possible to see which connector (white or blue) is inside, without removing the cover. One set contains four covers. Cover is suitable for KE10.1(N) and KE10.504(N) connectors. It is a quick and easy-to install slip-on cover.

Техническая спецификация

Dimensions

Масса:	0.104 kg
Длина:	75 mm
Высота:	52 mm
Глубина:	41 mm

Электрические характеристики

Максимальное напряжение сети:	1 kV
-------------------------------	------

Materials

Материал:	Поликарбонат

Ratings

ETIM 7: EC000437 Housing for rectangular connectors

ETIM

ETIM

Width: 43 mm
UV resistant: true
Type of housing: Plug case
Position cable feed: Below
Locking mechanism: Push Pull
Height: 52 mm
Material housing: Plastic
Degree of protection (IP), mounted: IP23
Coating housing: Uncoated
Corrosion resistant: true

Упаковка

В стандартной упаковке

Unit: PCS
Количество: 10
Weight (brt): 0.147 kg

На палете

Длина: 1200 mm
Ширина: 800 mm
