

Трубчатые кабельные наконечники с насечками, стандартная серия

HUPtype

- из трубки, отожжённый материал • поверхность: лужёная • материал: 99,9% электролитная медь E-CU DIN 40500
- для многожильных кабелей круглого сечения, напр., VDE 0295 класс 2
- для кругло-сжатых секторных проводов
- Проверка на вибропрочность DIN EN 61373:1999-11, кат. 1, кл. B

Cu

имеются в продаже с и без смотрового отверстия, например, 29 00 04/S (При заказе добавить xx xx xx/s)
